ABOUT ME

Passionate Motion and Graphic Designer with 7+ years of creative experience, specializing in motion design, visual storytelling, branding, and digital content. I began learning Adobe Premiere Pro at 13, developing a lasting passion for bringing ideas to life through design and animation. Skilled across Adobe Creative Suite, After Effects, Cinema 4D, Blender, Figma, HTML/CSS, and more, with experience in branding, marketing, video production, and web design. I enjoy taking projects from concept to completion and creating engaging, purposeful visuals that connect with audiences.
